

Hanter Ingenjörsteknik AB

# Carriers for Pneumatic Tube Systems 63 mm, 90 mm, 110 mm, 160 mm

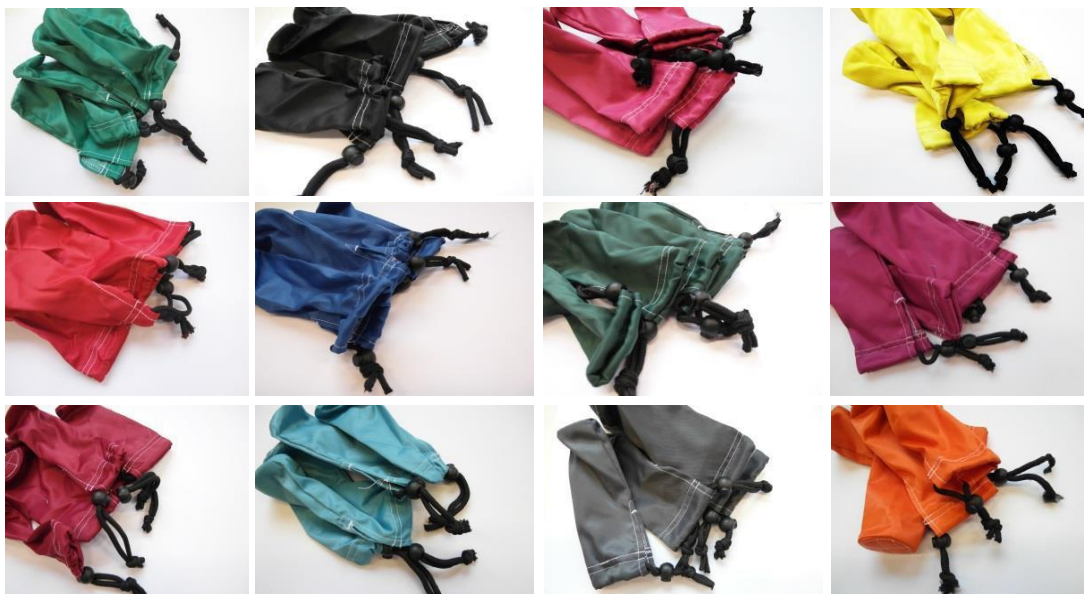

# Carriers for Pneumatic Tube Systems 63 mm

## Capsule 63 Red Cpl

Art. 6035200

## Flight bags 63

Art. 6035101, purple

Art. 6035102, dark red

Art. 6035103, dark blue

Art. 6035104, yellow

Art. 6035105, red

Art. 6035106, green

Art. 6035107, orange

Art. 6035108, light blue

Art. 6035109, steel gray

Art. 6035110, blue

Art. 6035112, dark green

Art. 6035113, black

Art. 6035114, cerise

# Carrier for Pneumatic Tube Systems 90 mm

## Carrier CHS 90 White

Screw Cap

Art. 6036082

(carrier caps available in red, black, orange)

**Important!** *Felt rings and rubber rings provide secure transport, acceleration and deceleration of carriers in PTS. It is important to exchange worn rings, especially if PTS is used to transport heavy or/and sensitive goods. Worn rings affect even other equipment in PTS, such as diverters, stations and tube line, which can lead to system stops and higher frequency of system services.*

## Carrier 90 Clear 56x320

Screw Cap

Art. 6035002

(carrier caps available in red, black, blue, green)

Rubber ring 90 – art.6338005.

Felt ring 90 – art.6337003.

Cap to art.6036082: red – art.6336012,  
black – art.6336011, orange –  
art.6336013.

Cap to art.6035002: blue – art.6336003,  
black – art.6336008, green –  
art.6336000.

# Carriers for Pneumatic Tube Systems 110 mm

## Carrier 110/78-240

Screw Cap  
Art. 6036080

## Carrier 110 Clear 75x350

Screw Cap  
Art. 6035022  
(screw cap available in black, red, green)

**Important!** *Felt rings and rubber rings provide secure transport, acceleration and deceleration of carriers in PTS. It is important to exchange worn rings, especially if PTS is used to transport heavy or/and sensitive goods. Worn rings affect even other equipment in PTS, such as diverters, stations and tube line, which can lead to system stops and higher frequency of system services.*

Rubber ring 110 – art.6338010. Felt ring 110 – art.6337004.  
Cap to art.6036022: red – art.6336015, black – art.6336016.

## Carrier 110 56x320 Swivel Lid

Art. 6036085, dark red  
Art. 6036105, blue  
Art. 6036100, yellow  
Art. 6036106, green  
Art. 6036110, purple

## Carriers for Pneumatic Tube Systems 160 mm

### Carrier 160 2SL

Swivel Lid

Red – Art.6036200

Blue – Art.6036217

**Important!** *Felt rings and rubber rings provide secure transport, acceleration and deceleration of carriers in PTS. It is important to exchange worn rings, especially if PTS is used to transport heavy or/and sensitive goods. Worn rings affect even other equipment in PTS, such as diverters, stations and tube line, which can lead to system stops and higher frequency of system services.*

### Carrier 160 White

Screw Cap

Art. 6035040

(screw cap available in black)

Rubber ring 160 – art.6338015.

Felt ring 160 for Carrier 160 2SL – art.6165010.

Felt ring 160 for Carrier 160 White – art.6337001.

Cap to Carrier 160 White: black – art.6336016.
